At the annual 2015 Microsoft Worldwide Partner Conference, which took place from July 12-16 in Orlando, proMX GmbH updated its status and supplemented the titles collection. Nuremberg – July 20, 2015

Every year, during the Microsoft WPC, selected Microsoft partners are recognized with membership into the Microsoft Dynamics Inner Circle, which is made up of the best performing Microsoft partners of the past financial year from all over the world. These companies have completed the FY with the highest revenue rate and considerable license revenue growth. It is a great honor for them; all of them are in sync with Microsoft and share their business values. Only about 60 companies make up this prestigious group.

Being a Microsoft partner since 2000, we worked our way up from a dedicated rookie to the leading Microsoft Dynamics reseller on the German CRM solutions market. We are always on the road with Microsoft supporting the company in its achievement of its main business goals and realization of planned projects. As a result, proMX GmbH is now one of the top 1% Microsoft Dynamics Partners worldwide and the top Microsoft Dynamics CRM Value Added Reseller of the Year 2015 in Germany.

“It was exciting and honorable to receive a letter of congratulations from Neil Holloway, CVP, MBS Sales and Partners,” says Peter Linke,
